Stylish integration of audio and design

The new Klip Xtreme KWS-610 speaker is as a high fidelity, audio unit for listening to your favorite tunes, without the constraints of cables. Equipped with the Advanced Audio Distribution Profile (A2DP), the speaker works seamlessly with any *Bluetooth*-enabled device –such as your smartphone, tablet, iPad or notebook. Non-*Bluetooth* audio devices can also be easily connected via an auxiliary analog input for added functionality. Compact in size but huge in sound, you will impress your friends with the clear and crisp acoustics that this sleek portable speaker can deliver!

Main features

- Compact wireless speaker, with 6 watts of RMS
- Wirelessly stream music from up to 10 meters away from the audio source
- An auxiliary input allows connection to any device equipped with a 3.5mm audio jack (for wired playback)
- The built-in rechargeable battery offers over 13 hours of playback time on a single charge.
- Multifunctional control button allows to toggle between play or pause, answer or hang up functions
